

Beijing, Jan. 17 (Xinhua) - according to the Russian satellite network, the U.S. Senate voted through the U.S. - Mexico - Canada agreement.

According to the latest news, 89 of the 100 members of the Senate voted for the agreement and only 9 voted against it.

The agreement also needs to be signed by President trump of the United States.

The US Mexico Canada agreement was signed in November 2018 to replace NAFTA. The agreement had previously been approved by the US House of Representatives.
